

Figure 1: Generational Presentation

Extrapolated from Young University Rankings 2017: top 50 Generation Y Universities

Access to the report is limited. 73 universities are ranked from 1 – 50; Eight of the top 10 are from Asia-Pac. Australia leads the region with 16 total of 15 from East Asia. The full report includes scores for the indicators; I have substituted rankings for the three selected universities within Generation Y.
