ANALYSIS: Just comparing the top 20 Most international universities raises questions for students as to what is most important.

City U HK ranked number one overall and is not even ranked in employability.

The National University of Singapore is 9<sup>th</sup> in number of international students on the top 20 Most International and 122 in percent of international students in the world. What is more important? A large number of international students or a higher percent?

A few of these Most International universities are not in the top 100 and others on the list are ranked as low as 800. Does world rank matter? Or are other factors not covered by THE rankings more important to you
