A-EX : Experimental Psych in the three lists ;B-Y: Other Psych subject in JCR and Citescor; 🌐 Psych in DOAJ
 MU - Multidisciplinary

RED: The three stand-out journals that are top ten in all lists.

BLUE: Top 10 in JCR and Citescor

NOTES ON CREATING THE TABLE BELOW:

The 42 journals from the TOP Factor discipline “Experimental and Cognitive Psychology” were compared with the journals in the similar category in JCR (88) and with those in “Experimental Psychology” (170) in [Citescore](#). *Meta-Psychology*, the top ranked journal, is also included in the comparison. They are compared by subject classification and ranking within the subset. The table only contains the top 10 from TOP, JCR, and CiteScore. TOP Factor has 14 in the top 10.

BY THE NUMBERS

- JCR has 29 journals and Citescore has 35. The additional eight are APA Open Access publications
- 15 of the 42 are categorized as Experimental Psychology by JCR and CiteScore.
- 24 are in some Psychology category in both.
