

APPENDIX A: Young University Tables

Table 1 compares the top 20 of THE and Nature, with an indication of those in QS 2021

Table 2 lists 2022 THE countries with 10 or more universities

TABLE 1: YOUNG RANKINGS - Comparing THE and Nature top 20

33 universities make up the combined top 20. Three top 10 are the same and seven top 20, highlighted in aqua. All from Asia, but none from China. 40% are top 150 on both lists.

Universities with two dates include the original founding date and the reorganized current founding date.

NOTES:					
1 - THE considered KAIST 51 years old					
QS has not released a 2022 version. QS next to a university's entry means that it was in the top 20 in 2021. It is not surprising that the QS list was closer to THE since they use similar indicators.
